Cover your family's day-to-day medical costs with the money that you earn in your HealthSaver<sup>+</sup> account

**Momentum Medical Scheme helps you to cover your family's medical expenses, but Momentum also rewards you financially if you are healthy and active, and gives you the means to manage your family's medical savings yourself.**

Momentum Medical Scheme members qualify for **HealthSaver<sup>+</sup>**, a savings account that helps you make provision for additional day-to-day medical expenses, in a way that suits your pocket. **Scan to Pay** with HealthSaver in the Momentum App gives you instant access to the money in your HealthSaver<sup>+</sup> account to pay healthcare providers, pharmacies and even vets.

You can use your HealthSaver<sup>+</sup> not only to fund healthcare-related expenses, such as co-payments, cosmetic surgery, refractive eye surgery, and vitamins (provided the claim has a valid Nappi code and/or tariff code), but also your monthly medical aid contributions if you have enough funds to do so. The money in your HealthSaver<sup>+</sup> account could also be used to supplement your retirement savings, or pay for your children's education, buy a fitness device or donate a GP visit to anyone in need. A R40 annual administration fee applies.

Based on a combination of your Healthy Heart Score and your fitness assessment level, you can earn up to 10% HealthSaver rewards on your positive HealthSaver<sup>+</sup> balance, or pay as little as 0% penalties on HealthSaver<sup>+</sup> credit.
