

Momentum GapCover⁺

Make sure your family is covered in case of shortfalls for in-hospital procedures and other healthcare related expenses not covered by your medical scheme option

If you and your family already have medical aid, not all of your medical costs may be covered by your option whilst you are in hospital. If there are unexpected costs like co-payments or shortfalls between what the medical scheme pays and what the healthcare provider charges (some charge more than 300% of what medical aids pay), you need to be prepared for any unforeseen costs and make sure that your out-of-pocket expenses don't leave you financially exposed or distressed.

Unlock more value

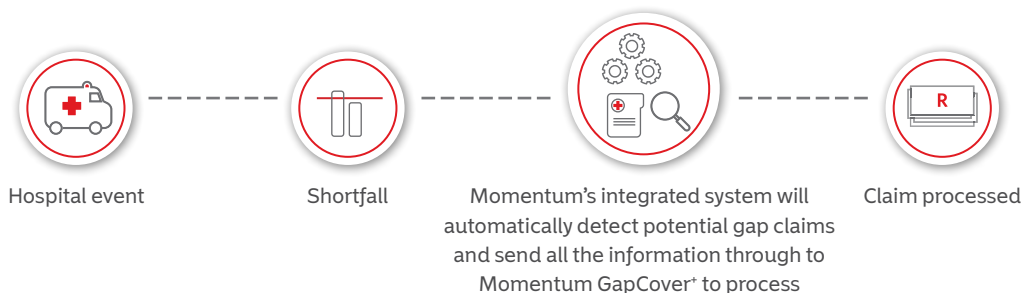

Momentum GapCover⁺ is not part of your medical aid, but an insurance product that helps you cover unexpected payment shortfalls and co-payments, oncology treatments, emergency room visits and internal prosthesis costs. Momentum GapCover⁺ also offers a cancer assist benefit, accidental death and disability benefits, trauma and bereavement counselling, breast reconstruction benefit, robotic procedure shortfall and co-payment benefit, and for that special time, the Baby Bump benefit that pays out an amount to you, when you are pregnant.

GapCover Supreme

With GapCover Supreme, single clients under 30 will pay only R259 per month, compared to R390 for members under 42.

Seamless claims

Momentum GapCover⁺ has a seamless claims process that submits all shortfall claims on your behalf.

per month

Give your health Momentum

Momentum GapCover⁺, underwritten by Guardrisk, covers shortfalls for in-hospital procedures, co-payments and other healthcare costs not covered by your medical aid option, starting from R259 per month if you are younger than 30.

*Momentum GapCover is a complementary product available from Momentum. *Momentum Medical Scheme members may choose to make use of additional products available from Momentum Group Limited and its subsidiaries as well as Momentum Multiply (herein collectively referred to as Momentum). Momentum is not a medical scheme and is a separate entity to Momentum Medical Scheme. Momentum products are not medical scheme benefits. You may be a member of Momentum Medical Scheme without taking any of the products offered by Momentum.
